To Whom it may Concern,

RE: National Telecommunications Co. LTD.

As the Construction Program Director seconded to Lucent Technologies International Inc. (Saudi Arabia Branch) I certify that the above mentioned company has been one of our prime subcontractors deployed on the Saudi Arabia Telephone Expansion Project No. 6, (TEP-6) since 1995. During this time they have successfully executed all works associated with Fiber Optic Transmission Systems, Junction and Access Network and Digital Microwave.

National Telecommunications Co. LTD. has proven their technical and commercial ability to successfully execute medium and large telecommunications projects. Its management is regarded as highly qualified and experienced.

I fully recommend the National Telecommunications Co. LTD. as a subcontractor for future projects in Telecommunication Works.

Respectively,

George Alsop
Construction Program Director
